

Your Business ... Your Burlington

Welcome to Burlington Grant Thornton LLP

BURLINGTON, ON - National audit, tax, and business advisory firm Grant Thornton LLP recently announced the opening of the firm's Burlington office. Already a strong industry leader in the region, this expansion upholds the firm's commitment to expanding into growing markets, of which Burlington is a great example.

Grant Thornton held an open house on January 20th which Mayor Goldring attended and met some of Grant Thornton's staff and clients.

"We're thrilled to open our new location in Burlington," says Glen Gilbert, Managing Partner of Grant Thornton in Southern Ontario. "Our clients in the area will benefit greatly by having their advisers now even closer to where they do business. Burlington-based organizations in general will benefit from the arrival of a firm with access to local, national and international resources, not to mention a demonstrated dedication to partner-led engagements. When you add in our commitment to the local community, it's just one more reason why we feel this expansion is positive."
